BANKING OPERATIONS | COMPLIANCE MONITORING | VENDOR / THIRD-PARTY RISK

PROFESSIONAL SUMMARY

Banking/NBFC operations professional with 6 years of experience across collections operations, quality assurance, compliance monitoring, bank-led audit support, process governance, documentation controls, MIS reporting and training. Experienced in supporting audits for major banking and NBFC portfolios, reviewing operational adherence, validating records and evidence, identifying process or regulatory gaps, coordinating corrective actions, and liaising with bank/NBFC stakeholders. Seeking to transition into Bank-side Process Monitoring, Compliance, Vendor/Third-Party Risk, Operational Risk or Risk & Control roles.

CORE COMPETENCIES

Compliance Monitoring | Bank-led Audit Support | Vendor / Agency Compliance | Process & Control Monitoring | Documentation & Evidence Verification | Corrective Action Tracking | Operational Risk Awareness | SOP & Process Governance | MIS Reporting & Dashboards | MS Excel | MS PowerPoint | CRM / Collection Systems | Stakeholder Coordination | Escalation Management | RBI Guidelines Awareness | Training & Process Communication

PROFESSIONAL EXPERIENCE

Compliance & Training / Quality Supervisor | Hi-Tek Syndicate Pvt. Ltd., New Delhi | 2021 – Sep 2026

- Manage compliance, quality and training activities across multiple banking and NBFC portfolios.
- Lead audit preparation and compliance reviews for ICICI, HDFC, Axis and other banking/NBFC portfolios.
- Support bank-led audits by coordinating data, voice logs, documents, system records and process explanations.
- Monitor field and telecalling operations, trail uploads, call recordings, documentation and process adherence against client requirements.
- Review operational activities for compliance with process guidelines, code of conduct and applicable regulatory requirements; document gaps for rectification.
- Develop and maintain SOPs, process guidelines, compliance communications, audit trackers and evidence records.
- Coordinate corrective-action follow-up and closure of audit observations, customer escalations and bank escalations.
- Prepare MIS reports, dashboards, performance trackers and management presentations for operational monitoring.
- Drive adoption and adherence of operational systems including VYMO/Gatigo and monitor usage/compliance.
- Conduct NHT, OJT and refresher training on product knowledge, compliance updates and process requirements.

Debt Recovery Agent – Telecaller | Hi-Tek Syndicate Pvt. Ltd., New Delhi | 2020 – 2021

- Handled outbound customer communication for overdue accounts while following process requirements and RBI-related guidelines.
- Maintained accurate communication trails, remarks and repayment/settlement records.
- Developed practical understanding of collections operations, customer behaviour, repayment processes and portfolio-level operational issues.

AUDIT / COMPLIANCE EXPOSURE

- Bank/NBFC audit preparedness and evidence coordination.
- Process adherence, documentation, call-recording and trail verification.
- System/access and operational-control checks at collection-agency level.
- Identification, documentation and follow-up of non-compliance and corrective actions.
- Coordination with bank/NBFC stakeholders during reviews and escalation closures.
